

Art Internship Program

So, you want to gain experience in an exciting, award-winning publishing atmosphere in beautiful Charleston, South Carolina? Are you already proficient in Adobe Photoshop, Adobe InDesign, or QuarkXPress? Are you comfortable in a fast-paced environment with tight deadlines? If you answered “yes” to each, an art internship with Gulfstream Communications could be the place for you! Gulfstream Communications is the publisher of *Charleston*, *Charleston Home*, *Charleston Weddings*, *WNC*, *G The Magazine of Greenville*, and *House Calls* magazines.

There are only eight internship spots open each semester. They are highly competitive, so call early to schedule your interview!

1. Design Internship

- Gain a high level of proficiency in all design applications
- Work directly with designers on layouts beginning with a blank template and help transform it into a finished printed product
- Be a part of planning and styling photo shoots, and upcoming issues, then watch your ideas blossom into print
- Become a pro at photo-editing and retouching
- Get familiar with Charleston — including its people, restaurants, and culture.
- Complete at least 20 hours a week, for at least three months. (Minimum hours are necessary to stay involved in a constantly changing atmosphere)

2. Photography Internship

- Depending on your strengths, have upwards of 20+ images in each issue
- Meet hundreds of people on assignment
- Go on Studio, portrait, in-house, and location shoots
- Gain knowledge from other professional photographers by assisting at photo shoots
- Learn the process from camera-to-layout by working directly with the art director and graphic designers as a team
- Convert from RAW format
- Complete at least 20 hours a week, for at least

three months (Minimum hours are necessary to stay involved in a constantly changing atmosphere)

3. Illustration Internship

- Perform on-staff or at large
- Learn from art directors how to develop ideas conceptually
- Have your illustrations printed in a regional magazine

Qualifications

- Knowledge of CS3
- Ability to work under tight deadlines and in a fast-paced environment
- Be a team player and working well with others
- Have an open-mind and willingness to learn
- Photography interns need to have their own digital camera

How Will You Benefit?

- Create a real-world experience that no school can offer, such as meeting tight deadlines and working personally with professionals in the industry
- Have the opportunity to illustrate or photograph some of your own features, or design layouts
- Add layouts, photography, and/or illustrations to your portfolio
- See your name in print, whether it be on the masthead or next to your very own work placed among that of the pros
- Interning for seven different publications is pretty impressive. Being able to say that you were interviewed and accepted is a big deal! Add this to your resumé and land a great job!
